Carpet Cleaning

Carpeting is a major investment in your office, and regular cleanings are necessary to keep it looking new. In fact, because it gathers in carpet fibers and erodes them, soil, not foot traffic, is the largest contributor to the premature demise of carpets. Regular carpet cleanings are so important that most major carpet manufacturers require them in order to maintain their warranty.

Our technicians are fully trained and certified in Spar's innovative cleaning methods. We comply with all major carpet requirements, including those pertaining to the new generation of stain-resistant carpeting.

No one cleans carpets more thoroughly than SparkLEEN. We use specialty carpet cleaning extractors to ensure deep-down suction to remove ground-in soil and revive your carpet's appearance.

SparkLEEN Carpet Cleaning Features:

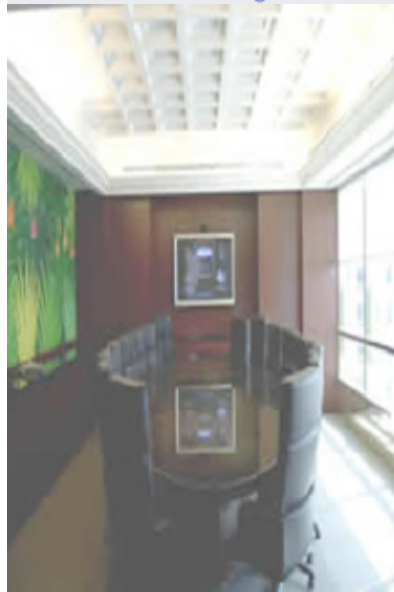

- A free written estimate with no obligation
- Convenient, on-time appointments
- Special attention to spots, heavy traffic areas, pet stains, and odor
- Compliance with major manufactures' recommendations and warrantee requirements.
