Professional Offices

Commercial Office Buildings

Commercial Offices

Half of all of the companies of SparKLEEN Janitorial Inc, are represented in the commercial Office building sector. Our extensive experience, combined with our wide range of trade expertise, allows us to bring a higher level of competence to these accounts. Because of our leadership role in the commercial Office sector, problems related to scope of work, number of tenants, or unique requirements that would baffle smaller or less experienced organizations are standard operating procedure for us. The size and scope of some offices can create more capital investment requirements than many service companies are capable of handling. Operational issues that arise are successfully dealt with by us every day. It is our goal to satisfy your company and secure the highest possible retention rate as part of your service solution.

Company Profile: [SparKLEEN Janitorial Services](#) is a leading janitorial service provider to commercial office buildings in the Lehigh Valley. With a strong regional presence we have extensive service capabilities. Our service experience covers everything from large commercial buildings to the small business offices in the Lehigh Valley. Because of our infrastructure, we are also capable of serving the individual needs of our clients.

"I've been using SparKLEEN for 3 years. With all the concerns I deal with on a daily basis, the cleanliness of our offices is never one of them. What a great trustworthy team."

Ernie LaRose, President
